Although this year's record of six wins, two ties, and eight losses is not too impressive, the foundation laid this year should make next year's effort much more successful. In exhibition games, veterans such as Jack Ford, George Graham, Hank Vander Pol, Bill Verstraete, Bruce Goodhue and Larry Rumble teamed with promising new comers Paul Johnston and Mickey Gray to win four and tie one out of five games.

Cinder Rally

Last spring, our physical education teacher, Mr. Kolotyliuk, and Mr. Mummery organized a Cinder Rally to stimulate interest in field events during the spring.

Another purpose of this rally was to promote Track and Field activities for the schools in this area. It served as a motivation for those who were sending competitors to the W.O.S.S.A. Track and Field meet in the fall and emphasized the value of year-round training for participants.

It was discovered that there were many "Old Boys" of the B.D.H.S. in the community who were interested in promoting Track and Field. They assisted in the running of the events the evening of the rally, and donated medals for the winners.

The winner of the Paul Belliveau trophy for the most outstanding contestant, based on sportsmanship and points was Tony Elliot from B.D.H.S. with four firsts.

The additional applications for entry support the interest in making this meet an annual event.
